

Hockey Canada's Atlantic Regional Centre High Performance 1 Seminar

2010 National Coaching Certification Program High Performance I Seminar

*July 18th-24th, 2010
Antigonish, Nova Scotia
St. Francis Xavier University*

The NCCP High Performance I (formerly Advanced I) Seminar will be held from July 18th-24th in Antigonish, NS on the campus of St. Francis Xavier University.

In an effort to continue to provide a wider range of professional development for interested and qualified coaches, this seminar will be combining coaching education and an athlete development camp.

The coaching seminar will be the NCCP High Performance I Program where professional speakers will deliver sessions featuring topics such as special teams, yearly plan, offensive/defensive individual tactics, offensive/defensive team play systems, goaltending and much more. You will have the opportunity to learn from some of the top coaches and hockey minds in Atlantic Canada, as well as other presenters from around the country.

The theory of coaching will be merged with the on ice application of coaching. In addition to classroom lectures and tasks, the selected coaches will plan and run on-ice sessions and participate on the bench in game situations for a portion of the Hockey Nova Scotia Male Under 14 and Male Under 15 Summer Camps.

It is the commitment of the Atlantic Branches to work with the already existing Provincial Branch Summer Camp to provide an exceptional professional development opportunity.

High Performance I Background and Eligibility Criteria

The NCCP High Performance I Seminar is held every two (2) years in Atlantic Canada and is targeted at those coaches who have significant coaching experience, and want to pursue higher levels of coaching competitive athletes.

Those coaches applying for NCCP High Performance I Level Qualification/Certification through this Seminar must meet the following criteria:

- Must be currently coaching at the Bantam competitive level or higher
- Coaches of Male athletes - must have a minimum three (3) years coaching experience at the Bantam level or higher
- Coaches of Female athletes - must have a minimum three (3) years coaching experience at the Midget level or higher.
- *Special situations will warrant consideration.*

To complete the field evaluation following the seminar, coaches must meet the following criteria:

- For coaches of male athletes you must be coaching at the Bantam competitive Level or higher **in the upcoming season**
- For coaches of female athletes, you must be coaching at the Midget level or higher **in the 2010-2011 season.**

As part of the selection process a maximum of 36 candidates will be accepted. Beyond experience and current coaching situation the selection process will also consider:

- Previous NCCP coach education and/or certification
- A history of ethical coaching and the development of athletes
- Work within the Hockey Canada structure in other leadership roles - instructor, mentor, facilitator etc.

☒ All candidates applying for NCCP High Performance I will be subject to selection by Hockey Canada's Atlantic Regional Centre Management Committee. ***Not all applicants will necessarily qualify for the NCCP High Performance I Level.***
