What is a Hockey Canada's Skills Development Camp?

Hockey Canada's Skills Program is part of Hockey Canada's Skills Development Series - The Official Hockey Instructional Curriculum of Hockey Canada.

The Hockey Canada Skills Development Program is all about development opportunities for both players and coaches. Fundamental skill development is the primary focus of the program; ensuring players receive the necessary learning opportunities to further enhance their skill base.

The Hockey Canada Skills Development Camps for players focus on learning:

- Fundamental Skills (skating, shooting, passing, goaltending)
- Fair Play
- Respect
- Teamwork
- Leadership
- Fitness

In the Hockey Canada Skills Development Camps, players will have **FUN** while receiving professional instruction in a positive environment!

The Hockey Canada Skills Development Camps are entering their 13th season. These camps were developed to provide players with the opportunity to enhance their skills in a positive learning environment. The primary focus of the camp is centred around on-ice fundamental skills, with off-ice time scheduled for life skill enhancement in areas such as respect, fitness, and teamwork. Also included in the off-ice fitness sessions are team games involving team work, proper stretching and nutrition tips.

"The development camps provide players with an experience they will not soon forget"
