

ALL FEMALE COACHING CLINIC

Hockey PEI along with the Hockey Canada and the Coaches Association of Canada is hosting a "We Are Coaches" all female coaching clinic Sunday, September 28th at the Summerside Fire Hall from 9am-5pm.

This is a **FREE** clinic open to all females 16 years of age and older from across Prince Edward Island.

"**We are coaches**" is designed to increase the number of trained women coaches in Canada in order to provide female mentors and role models for young participants.

Women will be recruited to participate in the sports' National Coaching Certification Program (NCCP) and additional training and support will be offered in open and friendly forums to further encourage and assist these women in becoming successful community coaches.

Help us help women to become role models for a new generation of leaders. Encourage women in your community to JOIN OUR TEAM and become a coach.

Nancy MacMillan and Charla Currie, two highly respected female coaches, will facilitate the clinic.

Please contact Mike White at 368-4334 or email mike@hockeypei.com to register or for more information.

Become a coach and make a difference!!!!!!!!!!
